Boston Jan. 8, 1872

Dear Garrison,

I send you the petition I spoke to you about. As you expressed a willingness to sign it, I should like to have your name first on the paper. So I send it to you for your name at the head. Please return it soon, as I want to get it in in a few days. I do not care for many names, so I do not wish you to trouble yourself to get signatures.

But if you come across any one who would like to sign, let him.

Yours ever

S. Seward
